Dear Dave,

Sorry to hear of Nikki's dad's troubles. Hope they clear up.

As mine cannot. Just learned I have no functioning artery in either leg.

I'd written a long thing for the Post as soon as I saw that La Fontaine (Harry Truman's word). I did not ecpect and I do not have a reply. But a reporter asked if he could send it to the La Fontaines and I daid please do. I've not heard from them, either.

I hope you approve the p.s. I added for the record for history.

I presume you got the copy of Case Open I sent you. No need to say anything it you did. Only if you did not because it was not returned to me.

Harold
